

LOVE WITHOUT BOUNDARIES

We are very honored to introduce you to the four children who are the current Love Without Boundaries grant recipients. For more information on these children please email: adoptionassistance@lwmail.com

Meet Lillie- **UPDATE: MATCHED WITH A FAMILY**

Lillie is a ten-year-old little girl from Hunan and is ready to be adopted! She has a \$3000 grant; which would be provided to help a family bring her home.

Dear Love Without Boundaries:

I'm Lillie. I'm ten years old and have been looking for my forever family for a while now. Since you are in touch with many nice people that might be looking for a loving daughter like me, I thought I'd share the ten best things my Believe In Me Teachers from Changde in Hunan Province write about me on my report cards.

I cannot wait to share my report cards and everything about me with a Mom and Dad, someday soon.

Please let them know that I've been saving up hugs for a long time.

Love,
Lillie

Meet Timothy - **UPDATE: MATCHED WITH A FAMILY**

Timothy is a 3 year old little boy from Henan Province and is our second recipient of a \$3,000 grant. His grant is for \$3000 in partnership with Grant Me A Chance.

Timothy has a diagnosis of Thalassemia. This darling little boy is very brave about his treatments. He likes to play outside when he is not going to preschool. He is getting more and more talkative and loves playing with friends! He is a mischievous little boy who is active and loves to explore.

Meet Ruby UPDATE: MATCHED WITH A FAMILY

Ruby is a nine and a half year old girl from Anhui province who a \$3000 grant towards her adoption! She was born with a birthmark on the right side of her face and may also be a Hepatitis carrier. Currently, her file is listed on the Agency/Shared Waiting list and her file is available for families considering adoption.

Ruby's brilliant smile radiates friendliness. Her popularity among the children is a testament of her kindness towards every child at the SWI. Like most young girls, Ruby loves to sing and dance, especially with her friends.

LWB's Huianan education team of teachers, sponsors and volunteers are most proud of Ruby's serious intentions with her academics. She studies diligently, and her progress is always noted in quarterly reports. When class is over, she is the first to volunteer to stay and help the teacher clean and tidy up the classroom. Perhaps she is a future teacher in the making! Who knows? But we would like to help this fine young lady discover all of the possibilities.

Meet Brent - UPDATE: MATCHED WITH A FAMILY

Brent is a very special 3 year old little boy from Henan province. He has been given a \$3,000 grant to help with his adoption expenses. Please help Brent find his Forever Family!

Brent's special need is a hairy nevus on the left side of his face. He is in our Foster Care Program and is loved by his foster family. His foster mother says he is very smart and affectionate. He loves giving kisses and snuggling. Brent also attends preschool. He can scribble in his color books, count to five, and climb stairs holding his foster mother's hand. Brent needs a loving family of his very own to nurture him and see the true beauty of this sweet little boy.
